

SCHOLARSHIP APPLICATION

Part of the mission of [Indian Resources Development](#) is to provide professional development opportunities in the form of scholarships to support the participation of New Mexico Indigenous students in relevant research experiences and conferences.

If you are a NM Indigenous college student interested in participating in the [32nd WERC Environmental Design Contest](#) organized by the College of Engineering at New Mexico State University and need funding support to make possible your participation, please complete this application.

Complete and submit this application to IRD at ird@nmsu.edu with subject line: WERC 2022. One application per person.

Scholarship may cover the applicant’s portion of the team’s contest registration fees, experimental equipment and supplies, transportation, lodging, and meals.
